Start from Rennaz

This course is a loop starting from **Rennaz**. The first 17 kilometers are not very difficult. It is at the exit of **Bex** that things get complicated. In **Bévieux**, turn right and follow the route des plans until **Plans-sur-Bex** . The road flattens out a bit and then picks up again 5km later.

Col de la Croix

From the hamlet of **La Barboleusaz**, which belongs to the ski area of **Villars-sur-Ollon**, the slope increases again until the summit. From **Villars-sur-Ollon**, take the road to the **Col de la Croix**, for 15km.

Back to the starting point

From the top of the pass, it's all downhill. And what a descent? About 30km of pure pleasure. The way back goes through **Les Diablerets, Le Sépey**, before returning to **Aigle** and **Rennaz**.
