By Olivier Paudex

Last stage

Departure from **Volterra** and return to civilization, if we could say so, so much the contrast between the old high city is striking in terms of traffic and noise. Especially around **Pisa**, it is infernal. Nevertheless, it had to stop one day. Tuscany is really a corner of paradise to visit, especially by bike. As much for the landscapes, the villages crossed and the history of the big cities, Tuscany will not be forgotten so soon.
